

PPE Product Portfolio

In response to the COVID-19 pandemic, and acute need to expand PPE supplies for the US Healthcare and Essential Back-to-Work Industries, Ice Mobility, with the support from experts in Healthcare and Biomedical supplies, mobilized a response.

This response includes addressing the PPE supply chain challenges, while providing fair pricing and expertise that succeeds in meeting the urgent and ongoing needs during and post pandemic.

Our PPE Product Portfolio is dynamic. We have direct engagement and quality oversight at the ISO Medical Manufacturers certified (ISO 13485) manufacturing sites. Quality documentation and certifications are available upon request.

Manufacturing sites and PPE products are all ISO certified and FDA registered and distributed in the US, backed by our proven processes. **No minimum order quantity required.**
